

**Thank you for choosing Pottery-To-Go from us!
For successful pottery painting:**

:-) YES :-)	:(NO :(
Clean Hands	Dirty Hands
<u>Washable</u> marker or ballpoint pen to plan images/lettering	Sharpie, crayons
Our paints/glazes	Any other paint
Painters tape	Any other adhesive

- ▶ Wipe off dust with clean, damp sponge
- ▶ Start with lighter colors first. Whatever you don't paint will be shiny white.
- ▶ Glaze goes on in thin coats, letting paint dry between coats. 3 coats is a good solid coverage.
- ▶ Dark is better over light. Light colors don't show up as well over dark
- ▶ Try Q-tips or end of paintbrush for dots
- ▶ Try a toothpick to etch
- ▶ Fill out Kiln Ticket and return with pottery. Keep pink copy for yourself. (*Disregard note that pottery will be done in 7 days.*)

When you're finished, bring your pottery back. We'll call you when your pottery is done.

Please help us save costs by returning paint brushes and any unopened paint pods.
